European Society of
Physical & Rehabilitation Medicine

The letter of the European Society for Physical and Rehabilitation (ESPRM) Medicine to the Ukrainian Society for Physical and Rehabilitation Medicine

Dear Prof. Oleksandr Vladymyrov, President of the Ukrainian Society for PRM

Dear Prof. Volodymyr Golyk, Secretary general of the Ukrainian Society for PRM

It was with great sorrow, when were acknowledged with the military aggression of the Russian Federation on your country, which is still in progress. The news we are following in media, filled us with a huge concern. Please be aware, that in European Society for PRM, we are following the situation and we keep contacts with individual members of your Society. In first place we wish you, that this situation, which was unimaginable until few days ago, will end as soon as possible by help of dialogue.

We wish that suffer and fear of the innocent population of your country, above all those with disabilities, who are especially vulnerable in this heavy conditions, will be over.

The European Society for PRM has always been and always will be, the podium for respectful, equal and friendly communication, so such manners will be supported and promoted by all means and in all circumstances. As well European Society for PRM will always be there for our colleagues and friends to help build and re-build the system of PRM in your country.

With our deepest wishes for peacefull resolution of situation in Ukraine,

Prof. dr. Nicolas Christodoulou
MD, FEBPRM
